DEPUTY Marshal Dayton requests that any persons having property saved from the late fire, in their possession by mistake or otherwise, will please leave word with him at the Police Station, so that it may be returned to the owners.

SIGNOR Campobello and his company will be along in the Mararoa, and the season will open in the Opera House on Tuesday night. A good many seats have been taken, and a good choice now requires an early application at Wiseman's.

MR. W. E. Herrick's shop was saved by the active application of water from the tank on the premises for supplying water to the engine of the machine shop, in buckets effectively handled by the Punahoa College boys, the sailors and volunteer citizens.

MESSRS. Gonsalves & Co. have recently received, direct from Oporto, some genuine port wine, an article difficult to procure anywhere and at any time. The same firm have also other kinds of superior wines, as can be seen by referring to their advertisement in this paper.

It was Hose Co. No. 2—the "Volunteer Boys"—that got first water on the fire in the Government yard yesterday, and not Engine Co. No. 1 as stated. Our reporter had the truth at first, but, being positively informed that his notes were incorrect, changed the statement.

THE Rev. E. C. Oggel reports donations from two persons, neither of whom is a member of the Bethel congregation, of \$500 each for the building of a new church. A good start certainly and one that should give a strong impetus to the liberality of the members of the Bethel Union.

AFTER the blowing up of buildings had been determined on, in the fire, one of the sailors of H. B. M. S. S. Satellite shouldered a case of powder and carried it round the corner of King and Nuanu streets, the heat at the same time being so great as to scorch his hands and face.

A RESIDENT of this place, had a private letter from a friend in England complimenting in very high terms the efficiency of the Honolulu Fire Brigade, in the celerity with which they got to the fire of Mr. Widemann's house. The account of the fire, it seems was read and carefully noted in England.

ONE of this evening's chief events will be the annual sociable of the Y. M. C. A. There will be the annual address of the retiring President and reports of committees, followed by refreshments and a general social entertainment. Members with their friends are requested to be punctually present at 7:30 o'clock.

WING WO CHAN & Co.'s safe, one of McNeil & Urban's make, was taken from the smoldering embers yesterday afternoon, after being in the fire over sixty hours, and opened by the combination. Its contents were not injured in the slightest. This safe has probably been subjected to the most severe test of any yet opened.

ONE of the few white families, if not the only one, burned out on Sunday, was that of Henry Drysdale, who works in the foundry. His wife and young family only came here from California two weeks before the fire, and they were just comfortably settled down when the disaster came. They lost a great deal of their effects, chiefly in clothing and small articles.

CAPTAIN Allington stood on a table opposite Castle & Cooke's during the fire, issuing orders to his British boys. When through there, he started on the double quick, followed by his men bearing the hawser, across through the sea of fire in the rear of the Bethel, to pull down the shed on the lower side of Wing Wo Chan's. A number of the officers and marines got on the top of the shed, and wouldn't come down until the shed fell under them.

THE Steamship Rio de Janeiro arrived here last night, about eight days from San Francisco, and anchored off port under supervision of Officer Reynolds, of the Board of Health. She has 109 Chinese immigrants for this place and they are landed at the quarantine grounds this afternoon. She has two mild cases of small-pox on board. The Rio de Janeiro, after landing her coolies, will receive about 80 from this port for Hongkong, and will sail in the morning.

SOME time ago Love's bakery was destroyed by fire, and on the ruins of the old wooden structure there arose a majestic brick edifice. The great fire of Sunday last extended its ravages to near the same locality, and threatened destruction to the new premises. But the hard bricks, aided by soft water, resisted and conquered, and the proprietor has decided upon celebrating the event by an immense output of hot cross buns to-morrow, Good Friday, between the hours of 5 A. M. and 12 M., which can be had in exchange for coin.

Mr. Horn, proprietor and manager of the Steam Candy Factory and Bakery, Hotel street, true to his old instinct, is determined that the excitement caused by the fire shall not obscure the fact that to-morrow is Good Friday. As soon as there is sign of daylight he will begin to flood the town with a high quality of hot cross buns, at 50 cents a dozen; and all living at a distance from the fountain, who wish the stream to reach them, have only to indicate the same by sending in their orders, and a connection will be established by means of a delivery cart, at the same price.

TO THE HONOLULU PUBLIC.

At a meeting of the Trustees of the Bethel Union Church on the evening of the 21st inst., it was voted to proceed immediately with efforts to build a House of Worship in place of our old house destroyed by fire.

It being obvious that the congregation of the Bethel is unable to accomplish this object unaided, we have determined to come at once before the Honolulu public for aid, which has already been tendered unsolicited by several individuals.

Our pastor, the Rev. E. C. Oggel, is entrusted with the duty of soliciting subscriptions for this object, and will immediately proceed with the work, in which we commend him to the kind consideration of the community. S. E. BISHOP, Clerk of the Bethel Union Church.

CABINET DECISIONS.

A meeting of the Cabinet was held yesterday to consider the associated matters of relief to the sufferers from the fire, city improvement, and sanitation in the quarters burned. A committee of citizens was appointed to inquire into the cause and circumstances of the fire, the committee consisting of the Minister of the Interior, as Chairman, and Messrs. A. J. Cartwright, S. M. Damon, C. E. Williams, and C. O. Berger. Ministers Gibson and Gulick were appointed a committee to consider the measures to be adopted in the present emergency, and to confer with citizens in respect to the best course to pursue for the public welfare. Everyone who is really concerned for the good of the town, and is sincerely desirous of turning the late visitation of fire into a lasting blessing, should heartily co-operate with the authorities in devising and executing measures for the public good.

THE BETHEL UNION CHURCH.

The first meeting of the Bethel Union Congregation, after the fire, was held last evening in the hall of the Y. M. C. A. building. After the usual Wednesday evening services, conducted by the pastor, Rev. E. C. Oggel, the meeting was called to business. Mr. S. E. Bishop, Clerk of the Congregation, reported that a meeting of the Board of Trustees had taken place, Monday evening. Two very kind offers were before the Trustees. One was from Mr. Henry Waterhouse, of the Lyceum, the congregation to have the sole use of the building, as if it were their own; the other from the officers of the Y. M. C. A., of the Hall, at any time when not required for the regular meetings of the Association. The Trustees had determined to leave the decision of this matter to the congregation, that being the principal item of business before this meeting. The pastor read a letter from the pastor and officers of the Fort-street Church, expressing sympathy with the people of the Bethel in their loss, and also offering the use of their church when not occupied by the regular services of the Fort-street congregation.

Mr. J. O. Carter moved, seconded by Mr. A. Langley, to accept the offer of the Lyceum.

Hon. H. M. Whitney moved, seconded by Mr. E. F. Dillingham, that the offer of the Y. M. C. A. be accepted.

After considerable discussion, in which Messrs. Carter, Whitney, Dillingham, S. E. Bishop, and Capt. Babcock took part, showing the comparative advantages and disadvantages of the two places, a vote was taken, when 23 appeared for the Lyceum and 17 for the Y. M. C. A. hall. On a subsequent motion, the vote of acceptance of the Lyceum was made all but unanimous. The pastor intimated that a subscription paper had been started and that subscriptions would be in order at any time. On motion of Mr. Jay Greene, seconded by Mr. B. F. Dillingham, the clerk was instructed to acknowledge with thanks the letters received from Fort-street Church and the Y. M. C. A. The meeting was then dismissed.
